AND TECHNOLOGY

FINAL YEAR UG PROJECT

MONTHLY PROGRESS REPORT FORM

Student's Name – Y N Kulasinghe	Supervisor's Name – mr. Chan Sri Manukalpa
Month – 2026 July	Report No. 06

Summary of progress (including any problems)	Due to my internship commitments and the need to prioritize my Agile project work, I was unable to participate in the monthly meeting. As a result, I could not complete the web application as planned. However, I have completed approximately 90% of the development and am currently working on the remaining tasks. Since there were no significant updates to present, I was also unable to meet with my supervisor this month.
Plan for next month	• Complete the remaining 10% of the web application development. • Perform comprehensive testing of all implemented features and resolve any identified bugs. • Optimize the application for performance, usability, and reliability. • Prepare the system for demonstration and the next stage of project evaluation. • Continue managing project activities alongside internship responsibilities to ensure timely completion.
